国際学会発表

2017年

European Society of Cardiology Congress 2017@Barcelona, Spain

R Hojo:  The relationship between obstructive sleep apnea and recurrence of atrial fibrillation after pulmonary vein isolation with a contact-force sensing catheter

S Miyazawa:  Durability of pulmonary vein isolation for paroxysmal atrial fibrillation using contact force-sensing radiofrequency versus cryoballoon

Complex Cardiovascular Therapeutics 2017@Kobe, Japan

S Masuda:  Successful treatment of recent myocardial infarction with huge thrombus: 2 stage strategy guided by OFDI images

Transcatheter Cardiovascular Therapeutics Congress 2017@Denver, America

S Masuda:  A case of percutaneous coronary intervention for the left-circumflex artery just proximal de-novo lesion using drug coated balloon

APHRS (asian-pacific heart rhythm society) 2017@Yokohama, Japan

R Hojo:  Predictors of Pulmonary Vein Carina Isolation after Pulmonary Vein Isolation using a Second-generation Cryoballoon

D Inagaki:  Pulmonary Vein antrum Modification by Cryo-Balloon in Addition to Substrate Ablation Procedures may be Effective for Patients with Recurrent Atrial Fibrillation after Multiple Sessions

D Inagaki:  Failure of Delivering an Electric Shock due to Unstable Wireless Communication During Defibrillator Threshold Testing

I Kawamura:  A case of dead end Marshall bundle which mimicked mitral isthmus conduction

D Miyahara:  Successful catheter ablation for malignant ventricular parasystoles originating from the moderator band

M Arai:  Two cases of Marshall bundle-related macroreentrant atrial flutter with no history of left atrium intervention

S Miyazawa:  Initial experience of using CONFIDENSE module for catheter ablation of atrial tachycardia.

S Miyazawa:  Pulmonary artery isolation for refractory ventricular premature contractions originating from the right ventricular outflow tract

S Miyazawa:  Utility of CONFIDENSE module for catheter ablation of ventricular tachycardia

2016年

EuroPCR®

K Komiyama:  Successful Catheter Intervention for Retroperitoneal Bleeding due to Renal Artery Aneurysm Rupture.
Heart Rhythm scientific session 2016®America

T Kitamura: Six Months Durability of Pulmonary Vein Isolation: Pulmonary Vein Isolation by Using Force Time Integral versus Using only Contact Force Monitoring

T Kitamura: Effectiveness of Pulmonary Vein Isolation Using Force Time Integral Monitoring to Establish Durable Pulmonary Vein Isolation

T Kitamura: Impedance Evaluation during Epicardial Catheter Ablation to Determine Effective Ablation Sites

The 43rd International Congress on electrocardiology®Spain

I Kawamura: Comparison of early and late phase late potential in patients after successful percutaneous coronary intervention for ST segment elevated acute myocardial infarction

S Miyazawa: Relationship between the occurrence of non-pulmonary vein foci and heart rate variability change after pulmonary vein isolation

R Hojo: Differentiation between pseudo-simultaneous fast and slow pathway conduction and true double ventricular response

APHRS (asian-pacific heart rhythm society) 2016®Korea

Y Koyano: Successful Catheter Ablation for Atrial Fibrillation in a Patient with Congenital Myopathy

M Arai: Successful catheter ablation of ventricular premature complexes from the right atrial side of the atrioventricular septum

D Inagaki: SUCCESSFUL CATHETER ABLATION FOR ATRIAL FIBRILLATION WITH MULTIPLE SESSIONS IMPROVE THE RENAL FUNCTION OF PATIENTS WITH CHRONIC KIDNEY DISEASE

Y Aoyama: Impact of Ventricular Late Potential to Predict Reverse Remodeling in Patients with First Documented Non-ischemic Heart Failure with Reduced Left Ventricular Ejection Fraction.

K Yoshida: A case of primary cardiac amyloidosis treated with catheter ablation for persistent atrial flutter

2015年

Heart Rhythm scientific session 2015®Boston,America

S Fukamizu: Catheter ablation for atrial fibrillation can improve renal dysfunction of patients with chronic kidney disease

EHRA EUROPACE CARDIOSTIM 2015®Milano,Italy

S Fukamizu: Efficacy of intracardiac ultrasound-guided catheter ablation for durable pulmonary vein isolation in patients with paroxysmal atrial fibrillation

R Hojo: Development of non-pulmonary vein foci is an increased risk for atrial fibrillation recurrence as revealed by repeated pulmonary vein isolation

T Kitamura: Impact of evaluation of epicardial impedance before ablation to determine effective epicardial ablation sites

A NAKADA: Clinical outcomes of atrial fibrillation ablation according to technological step-up of CARTO mapping systems: a single center experience
S MIYAZAWA: Clinical significance of evaluating bidirectional dormant conduction after pulmonary vein isolation

Asia Pacific Heart Rhythm Society 2015 @ Melbourne, Australia
R Hojo: Multifocal respiratory cycle-dependent atrial tachycardia: a case report
I KAWUMRA: Effect of adaptive servo-ventilation on catheter contact force during pulmonary vein isolation

2014年
cardiostim 2014@Nice,France
R Hojo: How to evaluate para-Hisian pacing in the patient with fasciculoventricular bypass

Asia Pacific Heart Rhythm Society 2014 @New Delhi,India
K Arai: Electrophysiological Characteristics and Catheter Ablation of Bundle Branch Reentrant Ventricular Tachycardia (BBRVT)
K Iwanari: Clinical characteristics and long-term prognosis of aged patients with Brugada syndrome over 60 years old

Cardiovascular Interventional Summit Hong Kong 2014 @Hong Kong
K Komiyama: Atherectomy device in PCI

2013年
EUROPACE 2013 @Greece,Athene
T Kitamura: Relation between QRS duration of frequent ventricular premature complexes and brain natriuretic peptide

European Society of Cardiology 2013@Amsterdam,Netherland
Y Tanabe: Prognosis and antithrombotic therapy of patients with atrial fibrillation after undergoing percutaneous coronary intervention
R Hojo: Does obstructive sleep apnea suppresses versus remodeling of left atrium after successful pulmonary vein isolation for atrial fibrillation?

Asia Pacific Heart Rhythm Society 2013 @ Hong Kong
S Fukamizu: Successful bipolar radiofrequency catheter ablation between the left ventricular endocardium and epicardium for post-infarction ventricular tachycardia: a case report
T Hayashi: New appearance of non-pulmonary vein triggers initiating atrial fibrillation in patients with durable pulmonary vein disconnection: lessons from repeat procedure
T Kitamura: Successful catheter ablation for retrograde limb of interfascicular ventricular tachycardia in a case with an electrical storm
R Hojo: Catheter-induced mechanical conduction block of fasciculoventricular bypass tract
2012年

Asia Pacific Heart Rhythm Society 2012 @ Taipei, Taiwan

S Fukamizu: The importance of ablation time for achieving durable pulmonary vein isolation: the result from scheduled repeat procedure.

T Hayashi: Concomitant of atrial fibrillation and atrial flutter in patients with chronic obstructive pulmonary disease

R Hojo: Assessment of systolic and diastolic dyssynchrony using gated myocardial perfusion single photon emission computed tomography in patients undergoing cardiac resynchronization therapy.

T Nishimura: Monomorphic epicardial ventricular tachycardia late after ablation for premature contractions originating from the right ventricular outflow tract.

CardioStim 2012 @ Nice, France

T Hayashi: Fragmented QRS and mortality risk in patients with inducible ventricular arrhythmia

Tokyo Percutaneous Cardiovascular Intervention Conference (TOPIC) 2012 @ Tokyo, Japan

K Komiyama: Successful case of severe 3 vessel disease including LMT complicated with symptomatic severe carotid artery stenosis by using a variety of revascularization techniques

2011年

American Heart Association 2011 @ Orland, USA

T Hayashi: Prophylactic catheter ablation for induced ventricular tachycardia in patients with implantable cardioverter defibrillators as the primary prevention

Euro PCR 2011 @ Paris, France

K Komiyama: Impact of sodium bicarbonate + ascorbic acid combined method to prevent contrast induced nephropathy for patients with chronic kidney disease.

Asia Pacific Heart Rhythm Society 2011 @ Fukuoka, Japan

S Fukamizu: Elevated levels of brain natriuretic peptide in patients cured of paroxysmal atrial fibrillation after pulmonary vein isolation.

S Fukamizu: Left atrial volume is the strongest predictor of paroxysmal atrial fibrillation in patients with hypertension.

T Hayashi: Mode of ventricular tachycardia induction as the predictors of implantable cardioverter defibrillator therapy in patients with low ejection fraction

R Hojo: The cycle length of ventricular fibrillation in patients with Brugada syndrome.

N Matsushita: Late gadolinium enhancement and signal averaged electrocardiogram for predicting ventricular tachyarrhythmia.

T Abe: Efficacy of pulmonary vein isolation for paroxysmal atrial fibrillation in patients with Brugada-type electrocardiogram.
T Kitamura: QRS morphologies and mechanisms of bidirectional ventricular tachycardia in four patients.

T Watanabe: Catheter ablation of atrial tachycardia/flutter in a patient with giant right atrium after tricuspid valve replacement for traumatic tricuspid valve regurgitation.

T Nishimura: High-risk trans septal puncture in a “Pancake” left atrium due to descending aorta displacement.

TCTAP 2011 @ Seoul, Korea

Y Tanabe, K Komiyama: Impact of bolus administration of ascorbic acid to prevent contrast induced nephropathy undergoing emergent cardiovascular procedure. →「Best Abstract Award」を受賞しました！

Tokyo-Taipei-Seoul Arrhythmia Conference 2011 @ Busan, Korea

S Fukamizu: Trans-coronary ethanol ablation of ventricular tachycardia associated with non-ischemic cardiomyopathy: our approach for difficult case.

2010 年

TCTAP 2010 @ Seoul, Korea

Y Tanabe: A Case of slender transradial intervention for a giant coronary aneurysm →「Best Case Award」を受賞しました！

K Komiyama: Is ascorbic acid effective in preventing contrast induced acute kidney injury undergoing coronary angiography or intervention? →「Best Abstract Award」を受賞しました！

Complex Cardiovascular Therapeutics (CCT) 2010@ Kobe, Japan

K Komiyama: PCI for LAD CTO via long CTO of SVG.
